

Esfahan Chamber of Commerce hosting Tourism delegation from Poland

Esfahan Chamber of Commerce, Industries, Mines and Agriculture (ECCIMA) received the Polish Tourism Delegation which can provide services to Esfahan's Economic Activists

In this meeting, Ali Karbasizadeh, Senior Advisor of ECCIMA demonstrated Esfahan's great tourism potentials while announced the willingness of Esfahan Chamber of Commerce to cooperate with Polish Tourism Services Agencies.

Following that Rafal Engelman, the representative of IVVR company introduced Krakow city of Poland and the IVVR Company and said: "this company has succeeded to design technology to display tourism and industrial locations in 3D." He continued: "in Poland, before starting a project, using this tool they can design the physical spaces in 3D images to expand various spaces and if it is approved the project will be initiated.

Rafal Engelman stated that the company serves 80 to 100 exhibitions worldwide every year and added: "we have a good experience in marketing and exhibiting and we can serve Esfahan Companies in this fields."

Reza Amirpour, Director of Esfahan Aquarium Complex, in this meeting, explained that Krakow City was nominated to be Esfahan's sister city considering the geographical location and climate conditions while it is referred to as the second Florence of Europe. He added: "the Krakow city is the center of famous brands in the Eastern Europe in the fields of industry, construction, food industry, and agriculture and Esfahan Chamber of Commerce can introduce the Economic Activists of Esfahan through the IVVR Company in 3D images.

Furthermore, Reza Ganjavi, the Advisor to Tourism Commission of ECCIMA, presented the capabilities and potentials of Esfahan Province in tourism, industry, mine and agriculture sectors.
